Woes of Vyasarpadi Bakthavatsalam Colony

by S. Shiva Kumar

CHENNAI March 1 — Does bad civic conditions affect the social life of the residents? A visit to Bakthavatsalam colony in Vyasarpadi will get an answer to the question. Families find it difficult to get their daughters married as all the alliance seekers get run away after they see the bad civic conditions all around. Streets with overflowing drains, platforms converted into public toilet, women and aged patients walking on a parapet wall to avoid slush, and residents following a stream that they canal across a ditch is part of everyday life for the residents of Bakthavatsalam Colony.

While Vyasarpadi has become a synonym with 'lack of basic amenities', the residents of this particular colony have been receiving top-notch treatment from the civic authorities for the past 30 years.

A resident of the area V. Srivallabha working in EMI hospital laments: "Most of the residents in this area are Bama population. The area was well planned with a single mosque and a church. It even boasts of a football ground. A part of the colony was given for setting up the Ambedkar College. While the surrounding areas are at least better off some civic amenities like area lacks some. Following several representations a portion of the road was filled by six months ago. However suddenly work was called and

the road remains dug in the middle with the road filled on the sides alone. No civic official has even bothered to inspect the area let alone politicians. The area has produced several good football players who are presently representing

teams like the ICF and BBL. However, most of the players have deserted the place and gone to other areas after they found no improvement in the civic amenities.

Another resident Manivannan charged we have given several in-

formations to the civic authorities with no avail. The residents and the children suffer from severe health problems. If the health authorities conduct a health camp in the area, definitely a lot of members of the XXX club families will be suffering from

one disease or the other."

Most of the girls who came forward to talk spoke on the condition of matrimony. A group of girls chorused: "We have now taken the task of fighting with the civic officials since all the meetings have been held. We are not

that if the civic members come to know of our plight and become more aware officials to respect the wishes of the residents will go. During the rainy season we have to walk through the filthy, wet drains. It is not possible to see to any Corporation school. Cleaner water will flow nearby because and in our area is low lying it will take about two months after the monsoon for the water to drain away this week.

Another girl said: "While this does show that the civic government is taking all steps to provide basic amenities, it is hard to be seen as a girl in this colony due to our parents find it very difficult to get a match with us are willing to marry a girl living in such an environment, we pray that the civic government does something to save our plight."

One good thing for the local residents is that though the area is notorious for sanitation the present ICF (Nandu K. Manikavannan) is taking steps to ensure maintaining law and order and preventing crime in the area by visiting the area at least once a week. Earlier officials never bothered to visit the area though it was a known fact that most of the needy groups and organisations used to seek relief in the area after encountering a crisis.

The residents continue to live with the hope that their civic conditions will improve and they are not victims of their own will of the civic officials.

02.03.1996

Does the unsanitary, unhygienic environment affect the social life of the people?

If you visit Vyasarpadi Bhaktavachalam Colony, you will get the answer. Parents are suffering from not being able to marry off their girls. The reason is that people who come to see the girl run the way they came when they see the unbearable environment here.

02.03.1996

The canal here is always overflowing. Streets turned into public lavatories, with people finding it difficult to walk. Still, they have to use the road.

02.03.1996

Walking on the road avoiding slushy and slippery sidewalks, and crossing the three-foot-deep canal using a small wooden plank became route adventures for the people of Bhaktavachalam Colony.

02.03.1996

Part of the road was filled and remained incomplete.

02.03.1996

The colony has the credit of producing football players for big companies like ICF and RBI. Manivannan, another slum dweller, alleged that he complained to the authorities several times but to no avail. Slum dwellers and children suffer from health and hygiene problems. If the health officials look here, it will be found that at least one person in every house in the 3000 families here suffers from some disease.

02.03.1996

A group of women said, "we have come forward to fight the authorities at a time when men have lost their faith." If the Chief Minister of Tamil Nadu learns about our situation and orders the higher authorities, our misery will end. This colony is very much affected by the problem of several Rowdy elements. Now the Joint Commissioner Mr Muthukaruppan contained the anarchy of the rowdy elements by his own efforts to some extent. The people of Bhaktavachalam Colony are living in the hope that the authorities will take appropriate action and rectify this situation.

ExNoRa realised the following incredible
achievements.

Before we stated our RWA **ExNoRa**, the sewage was going through open ditches. There was no flow due to dumping garbage by people in the ditches. The sewage was overflowing on the road

OVERFLOWING of SEWAGE on the streets due to blocked open Sewer ditches

Before we stated our RWA **ExNoRa**, there were no properly laid roads. The muddy roads had a number of potholes. There was stagnation of overflowed sewage in the so called roads potholes as well as PITS,

OVERFLOWING of SEWAGE on the streets due to blocked open Sewer ditches

- Sewage was overflowing. There were hundreds of potholes on the roads and streets resulting in stagnation of sewage everywhere.
- As a consequence B V Colony the colony became a massive breeding ground for mosquitoes
- Mosquito brought a host of diseases i.e. Malaria, Dengue, Chikungunya , etc.

All ten here were opposite and adverse environments. The long history, at least 2000 years, of most of the nations in the Indian subcontinent shows that the kings ensured that the people of the suppressed castes did not get the ten types of the environment. And when the lower castes were about to get them, the Kings' advisors ensured denial of these essential services.

VYASARPADI WAS
HOME TO GOONS FOR
DECADES

Nov 21, 2012

The logo for TOI (The Times of India) is displayed in white, serif capital letters on a dark red rectangular background.

Vyasarpadi earned its reputation as a hub of crime because some of the most notorious gangsters of the 1990s called it home.

Many of them came out of the colonies that were created to house Burmese repatriates who moved to Chennai in the 1960s after the military junta took control of Myanmar. From 1965, Burmese repatriates were allowed to settle in Vyasarpadi, on the banks of the lake, which was then about 700 acres. The settlement was named after the then chief minister M Bhaktavatsalam. Similar settlements were formed in Sivagami Nagar near Ennore. Over time, residents of Bhaktavatsalam Colony in Vyasarpadi turned to crime as jobs were hard to come by and living conditions difficult.

Rowdyism mushroomed in the city, spilling out of Vyasarpadi and giving police a hard time. The gang wars began with two repatriates, Subbaiah and Benjamin. A senior police officer said, "Subbaiah had an iron ore business but also ran kangaroo courts. Benjamin condemned Subbaiah's illegal activities, and their fight eventually turned into a Hindu-Christian conflict. They formed gangs and attacked each other often. Benjamin was also a DYFI member and was quite popular." Subbaiah's nephew Chera, alias Rajendran, a policeman who was dismissed from service, was his right hand man. Benjamin roped in 'Vellai' Ravi as his aide. They held sway over Vyasarpadi and were involved in extortion, kidnapping and murder. Benjamin and Ravi's gang killed Subbiah in 1991

Chera's gang killed Benjamin a year later with the help of another rowdy, Asaithambi, who eventually formed his own gang. Another gangster who would grow to become a feared name, Kabilan joined Chera's gang and they killed more than 14 people to take revenge for Subbaiah's murder. One of the murders took place inside the Egmore court in the early 2000s when Chera's gang killed Ravi's aide Vijayakumar alias Viji.

FINDINGS

ராஜி மற்றும் விஜி

- இதற்கு பதிலடியாக 1991ல் மருத்துவமனையில் சிகிச்சை பெற்றுவந்த சேராவின் சித்தப்பா சுப்பையாவை, பெஞ்சமின் கூட்டத்தில் இருந்த வெள்ளை ரவி, பலர் முன்னிலையில் பட்டப் பகலில் வெட்டிக் கொன்றான். இந்தக் கொலைக்கு பிறகு மிகவும் பிரபலமானான் வெள்ளை ரவி. இந்த கொலைக்கு உறுதுணையாக இருந்தவர்கள் வெள்ளை ரவியின் மைத்துனர்களான ராஜி மற்றும் விஜி

என்கெளண்டர்

- வெள்ளை ரவியைக் காலி செய்ய கபிலன், ஆசைத்தம்பி ஆகியோரை நியமித்தான் சேரா. ஆனால், அவர்களால் வெள்ளை ரவியை அண்டவே முடியவில்லை. இந் நிலையில் தான் சேராவின் கூட்டாளிகளான கபிலன், ஆசைத்தம்பி, மனோ, கோபால் ஆகியோரை போலீசார் என்கெளண்டரில் சுட்டுக் கொன்றனர்.

What we gathered.

VELLAI RAVI'S ERA

- Chera was working in the Police
- Vellai Ravi's gang, essentially his brothers-in-law Raji & Viji, killed Subbiah, uncle of Chera
- Vellai Ravi and his two brothers-in-law stormed into the Stanley Hospital and killed Chera's uncle on the hospital bed.

CHERA'S REVENGE ERA

- After the murder of his uncle, Chera quits his police job and forms probably the biggest gang in the history of Tamilnadu with Asaithambi, Mano, Guna, Kapilan and thirty others.
- All of them except Kapilan were Burma Repatriates
- Kapilan, a Tamil from Tamilnadu who also acted in a Tamil film by the name Palam was also inducted into Chera's team
- Viji, brother in law of Vellai Ravi was murdered inside the Egmore court while he was on the DOCK by Chera's men
- Raji another brother in law of Vellai Ravi was chased and murdered in the Saidapet Court by Chera's men when the Police brought him
- Thus, revenge was taken, and the account settled.

Encounter of Chera's gang members by Police

- Police encounters Mano , & Asaithambi in an encounter in front of Loyola College & Kapilan in Adyar .
- There was a plan to kill by encounter Vellai Ravi & Chera by Police.
- They were spared as they were reformed by ExNoRa with Police.
- But what happened to Vellai Ravi afterwards ??

Their Immediate GOAL

- ExNoRa first started its clean & green BV Colony activities.
- While ExNoRa brought visible change in the civic atmosphere, the organisation started meeting and counselling Vellai Ravi and Chera the two big gang leaders of that area & doing Mediation between them.
- When asked “What is your immediate goal?” Vellai Ravi said that his immediate goal was somehow to kill Chera.
- When met separately, Chera replied that his immediate goal was to kill Vellai Ravi .
- What happened then ? Did they kill each other?

THE MAIN ISSUE WAS “**INTER-GANG RIVALRY**”

→ **ExNoRa** found that most of the blood-spilling crimes were committed between themselves due to intergang rivalry.

→ We understood that if we united them, there would be a drastic fall in the number of crimes. So that is what we did.

Reformed Chera & Vellai Ravi who were heads of deadly rival gangs, with ExNoRa Founder Exn. M B Nirmal in the middle in Arihant Change in the Environment Changed them

சென்னையை கலக்கிய பயங்கர ரவுடிகள் அமைதிக்கு 'கைகோர்ப்பு!'

இனி எந்த குற்றமும் செய்யமாட்டோம் என்று வாக்குறுதி

சென்னை, பிப். 24 —

சென்னை நகரையே பத்து ஆண்டுகளாக உலுக்கி வந்த பயங்கர ரவுடிகள் சேரா, வெள்ளை ரவி இருவரும் ஒன்று சேர்ந்தனர். 'இனிமேல் எந்த குற்றமும் புரிய மாட்டோம்' என்று இவர்கள் பொதுமக்கள் முன்பு உறுதியளித்துள்ளனர்.

ஆள் கடத்தி பணம் பறித்தல், பணத்துக்காக கொலை செய்தல் போன்ற கொடுஞ்செயல்களில் கடந்த பத்து ஆண்டுகளாக ஈடுபட்டு வந்தவர்கள் சேரா, வெள்ளை ரவி. இவர்கள் இருவரும் எதிர் திருவங்கீளில் இருந்து ஒரு வரை ஒருவர் அழிக்க நினைத்து செயல்பட்டதில் இரு கோஷ்டிகளிலும் 20 பேர் கொலை செய்யப்பட்டனர். இத்தனை பேரை 'காவ' கொண்ட பிறகு நேற்று போலீசார் முன்னிலையில் இருவரும் ஒற்றுமையாக இருந்து(?) மக்களுக்கு நல்லது(!) செய்வோம் என்று உறுதியளித்துள்ளனர்.

சென்னை வியாசாப்பாடி பக்தவத்சலம் காலனியைச் சேர்ந்தவர் சேரா. அதே பகுதியைச் சேர்ந்தவர் வெள்ளை ரவி. இருவருமே பர்மா தமிழர்கள். அங்கிருந்து அகதிகளாக சென்னை வந்த குடும்பத்தைச் சேர்ந்தவர்கள். சிறு, சிறு குற்றங்கள் புரிந்து வந்த சேராவும், வெள்ளை ரவியும் கடந்த 90ம் ஆண்டுக்கு பின்னர் சென்னையில் மிகப்பெரிய அளவில் குற்றங்களை செய்து கொட்டங்களிட்டு,

இருவருக்கும் தனித்தனி கோஷ்டி இருந்து வந்தது. அதே போல இரு கோஷ்டிகளுக்கும் பகையும் இருந்து வந்தது. வெள்ளை ரவி மீது 14 வழக்குகள் உள்ளன. கொலை, கொள்ளை, ஆள்கடத்தி பணம் பறித்தல் ஆகிய வழக்குகள் உள்ளன. சேராமீது கொள்ளை, வழக்கு தவிர கொலை, ஆள்கடத்தி பணம் பறித்தல் வழக்குகள் உள்ளன.

சேராவின் கோஷ்டியில் இருபதுக்கும் மேற்பட்ட ரவுடிகள் இருந்தனர். அதே போல வெள்ளைரவியிடமும் ஏகப்பட்ட ரவுடிகள் இருந்தனர். ஒரே பகுதியில் இருந்ததால் இவர்களுக்கிடையே அடிக்கடி மோதல் ஏற்பட்டு வெட்டிக்கொள்வது வாழக்கையாகிவிட்டது.

சேராவின் கோஷ்டியில் இருந்த ஆசைத்தம்பி, மனோ, கோபால், இவர்கள் சென்னையை அடுத்த

மேலும் திருத்தப்பட வேண்டிய ரவுடிகள்....

சென்னை நகரம் கடந்த சில ஆண்டுகளாக ரவுடிகள் அட்டகாசம் குறைந்துவிட்டது என்பது உண்மைதான். எப்போதும் ரவுடிகளை போலீசார் ஒன்றுசேர்த்து வைக்கும் பணியில் ஈடுபட்டது கிடையாது. இரு கோஷ்டிகளை பிரித்து தான் வைத்து இருப்பார்கள். சென்னையில் முதன் முறையாக இரண்டு மாபெரும் ரவுடிகளை போலீசார் சேர்த்து வைத்திருப்பது பாராட்டுக்கரியது. அதே போல தென் சென்னையில் 'பங்க' குமார், ராட்டினகுமார் வட சென்னையில் 'கேட்' ராஜேந்திரன், 'குரங்கு' குமார் போன்ற ரவுடிகள் இருந்து வருகின்றனர். அவர்களையும் போலீசார் நல்வழிப்படுத்தினால், சென்னை நகரத்தில் ரவுடிகள் தொல்லை ஏழிந்ததுவிடும்.

வளசரவாக்கத்தைச் சேர்ந்த தொழிலதிபரை கடத்தி பணம் பறிக்க முற்பட்ட போது லயோலா கல்லூரி எதிரே போலீசாரால் சுட்டுக் கொல்லப்பட்டனர். சேரா கோஷ்டியைச் சேர்ந்தவன் தான் கபிலன். அவனும் அடையாறு அருகே போலீசாரால் சுட்டுக் கொல்லப்பட்டான்.

இதன் பின்னர் வெள்ளை ரவி கோஷ்டியைச் சேர்ந்த விஜி என்பவனை எழும்பூர் நீதிமன்றத்திற்குள்ளே நீதிபதியின் கண் முன்பே சேரா கோஷ்டியினர் வெட்டிக்கொன்றனர். இப்படி இரு கோஷ்டிகளும் மோதிக்கொண்டதில் சென்னையில் இருபதுக்கும் மேற்பட்டவர்கள் கொலை செய்யப்பட்டுள்ளனர்.

இரண்டு ரவுடி கோஷ்டிகளின் தலைவர்களையும் போலீசார் பிடித்து சிறையில் தள்ளினர். கடந்த ஒரு மாதத்திற்கு முன்பாக வெள்ளை ரவி வெளியே வந்தார். கடந்த 20 நாட்களுக்கு முன்பு சேரா விடுதலை செய்யப்பட்டார்.

இரண்டு பேரையும் போலீசார் கண்காணித்து வந்தனர். ஏதாவது குற்ற நடவடிக்கைகளில் இறங்கினால் இருவரையும் சுட்டுத் தள்ள போலீசார் திட்டமிட்டனர். இதை அறிந்த வெள்ளை ரவி போலீஸ் துணை கமிஷனர் ஷக்கீல் அக்தரை சந்தித்து 'திருந்தி வாழ ஆசைப்படுகிறேன். என்னை வாழ விடுங்கள். எனக்கு இரண்டு குழந்தைகளும் குடும்பமும் உள்ளது' என்று தெரிவித்தார். மூன்று நாட்கள் கழித்து வெள்ளை ரவியும் சேராவும் இணைந்து வந்து ஷக்கீல் அக்தரை சந்தித்தனர்.

'நாங்கள் இருவரும் ஒற்றுமையாக வாழ விரும்புகிறோம். இனி எந்த தவறும் குற்றங்களிலும் ஈடுபடமாட்டோம்' என்று தெரிவித்தனர். இந்த நிலையில், இவர்களை ஒன்று சேர்க்க

'எக்ஸ்னேரா' அமைப்பு' முன் வைத்தது. அந்த அமைப்பின் தலைவர் நிர்மல் இரண்டு பேரையும் சந்தித்துப் பேசினார்.

அதன் பின்னர் வியாசாப்பாடி பகுதி பொதுமக்களும் வந்து ஷக்கீல் அக்தரை சந்தித்து பேசினார். 'இரண்டு பேருக்கும் ஒரு முறை வாழ வாழ்ப்பு கொடுங்கள். அவர்கள் தவறு செய்தால், கடுமையான நடவடிக்கை எடுங்கள்' என்று தெரிவித்தனர். அதன்படி நேற்று வியாசாப்பாடி பக்தவத்சலம் காலனியில் 'எக்ஸ்னேரா' சார்பில் நடந்த மாடம் நடவிழாவில் வெள்ளை ரவியும், சேராவும் ஒன்றாக கலந்து கொண்டனர்.

இந்த விழாவில் பூக்கடை போலீஸ்துணை கமிஷனர் ஷக்கீல் அக்தர் பங்கேற்றார். 'இனிமேல் எந்த குற்றங்களையும் செய்யாமல் மரம் நடவது, குப்பைகளை அகற்றுவது போன்ற மக்களுக்கு நன்மை செய்யும் பணிகளில் ஈடுபடுவோம்' என்று இருவரும் பொதுமக்கள் முன்பு உறுதி கூறினர்.

இந்த விழாவில் 'எக்ஸ்னேரா' அமைப்பின் தலைவர் எம்.பி.நிர்மல், வளத்துறை அதிகாரிகள் பி.எம்.ணி, ஏ.கே.உலகநாதன், வக்கீல் துரைப்பாண்டியன் மற்றும் உள்ளூர் அனைத்துக்கட்சி பிரமுகர்களும் கலந்து கொண்டனர்.

வெள்ளை ரவியும், சேராவும் இணைந்தது பற்றி கூட்டத்துக்கு வந்த பொதுமக்கள் 'இருவரும் ஒற்றுமையாக இருந்து நல்லது செய்வதாக கூறியுள்ளனர். அதை மறந்து இருவரும் ஒன்று சேர்ந்து குற்றங்களை செய்யும் பணியில் பலமாக இறங்கிவிடுவார்களோ என்ற அச்சமும் இருக்கிறது. எனவே அவர்கள் ஒன்று சேர்ந்து விட்டாலும் கூட போலீசார் அவர்கள் மீது கண்காணிக்க வேண்டும்' என்று பேசிக்கொண்டனர்.

At a function organised by Exnora International (EI), the two dons - Vellai Ravi and Chera - whose names spelt terror in the city, promised to give up violence and do social work. Many persons had been killed and injured in the fight for supremacy between them.

The DCP, Flower Bazaar, Mr. Shakeel Akhter, said the police welcomed rehabilitation programmes for those who had taken to a lawless way of life. While warning that the police would put down rowdyism with a firm hand, he hoped that this event would serve as an example for others to follow.

Mr. A. K. Ulaganathan, Wildlife Warden, appreciated the move by the reformed gangsters to support tree-planting programmes.

Mr. M. B Nirmal, founder chairman EXNoRa, inducted Ravi and Chera as "Tree Guardians" of Exnora Green Cross. He hoped that the duo would serve as examples for others to change.

Reformation by using Empathy

Mr. M. B. Nirmal founder president of Exnora International, suggests that criminals could be reformed and rehabilitated using ``empathy''. As a test case, he says that Chera, an alleged gangster had now given up his notorious activities and was engaged in social work. Even recently, Chera led an environmental campaign at SAF games village.

Another person, Natarajan of Padianallur, who was now ``reformed'', was recently elected as vice chairman of the local town panchayat. Mr. M B Nirmal feels that if criminals were given the right opportunity they could become the future assets of society. It is also learnt that the city police are chalking out some rehabilitation packages for reforming

ExNoRa TIMES

**BLOOD CHILLING BLOODY STORY
TWO POLES UNITE (RIVAL GANGS)**

➔ Most of the countless and mindless murders were due to the intergang rivalry of the gangs of Vellai Ravi & Chera, both were Burma (Myanmar) repatriates with the Government's rehabilitation programme being very bad and non-existent .

➔ These Burma Tamils were settled in Vysarpadi one of the most neglected part of North Chennai . Their residential areas were surrounded by Garbage Dumps, Sewage Lakes and highly polluting Industries.

**BLOOD CHILLING BLOODY STORY
TWO POLES UNITE (RIVAL GANGS)**

- If you make a short research, you will find almost 50% of gangsters of Chennai were originated from this place of Burma Repatriates.
- In reality they are not to be blamed.
- They are only consequences and not the causes.
- They are only symptoms, not the disease.
- The disease is “WE”.
- Yes the society and the Governments elected by the society should take the **BLAME** for their utter neglect and not taking care of their **BRETHERN**.

BLOOD CHILLING BLOODY STORY TWO POLES UNITE (RIVAL GANGS)

The historical background of formation of gangsters in North Chennai

→ Chera's uncle was murdered by Vellai Ravi's gang in the Stanley Hospital on the bed where he was receiving treatment.

→ The murder of his uncle made Chera who was working in the Police Department as an assistant, to form the biggest ROWDY KINGDOM of Chennai in Tamilnadu history with terror gangsters Mano, Guna, Asaithambi & Kapilan (who were all shot dead in separate police encounters) and several others.

**BLOOD CHILLING BLOODY STORY
TWO POLES UNITE (RIVAL GANGS)**

- The murderers of Chera's uncle were Viji and Raji , brothers in law of Vellai Ravi.
- Viji and Raji were murdered in the Egmore and Saidapet Courts respectively before the judge by Chera's men who stormed into the Court and stabbed them to death .
- **ExNoRa** entered the scene and took up a mission of reforming them. The first step was bringing friendship between Vellai Ravi and Chera as most of the murders were the outcome of the inter-gang rivalry, which was brought to an end.

BLOOD CHILLING BLOODY STORY **TWO POLES UNITE (RIVAL GANGS)**

- Reformed Vellai Ravi wanted to live in peace but was not allowed. Result he returned to his old profession. Subsequently after 4 years, he was shot dead in a police counter. Many of his former gang-members became good.
- Chera and most of his followers numbering over 30, continue to remain law abiding citizens and are doing

Vellai Ravi contested in the election

- Vellai Ravi who was reformed became normal and was active in Social Service.
- Soon after his reformation, ExNoRa came to know that Vellai Ravi is contesting in the Tamilnadu Assembly election as an independent in the Perambur constituency.
- When ExNoRa leaders were upset, Vellai Ravi met them, what he said, shocked the ExNoRa Leaders
- He said “Every Election one of the two major political parties will force us to work for them, in getting into violence. This time also I was approached. Due to your advice, I have become good. I don’t want to indulge anymore in violence. I don’t know how to say no to them. Therefore I myself contested the election, and they did not come to me”, he said with a broad smile.
- ExNoRa appreciated him for his creativity .

ExNoRa saves Vellai Ravi LIFE

- Vellai Ravi after two years was arrested and kept in Vellore Jail.
- He was admitted to the Vellore Government Hospital.
- ExNoRa came to know that on his way from Hospital to jail he was to be killed in a fake encounter.
- ExNoRa with the help of the Doctors of the Hospital got him retained in the hospital itself for one more month and in the meanwhile prevailed with the police, not to encounter him.

**Row over rearrest of
gang leaders**

By S. Shivakumar

CHENNAI, SEPT. 4. The arrest and detention of two gang leaders under the Goondas Act, after they had given up a life of violence at a public function six months ago has created a local issue of sorts.

The issue has thrown up questions, with several residents of Bhakatvatchalam Colony in Vysarpadi from where the alleged gang leaders - Vellai Ravi and Chera- hail, questioning the reversal of the police approach. The then Deputy Commissioner of Flower Bazaar, Mr.Shakeel Akhtar was present at the ExNoRa's "transition ceremony".

Some of the residents have been advocating the release of the two alleged gangsters, "who had given up arms and were involved in social work". The two gangsters had at the function conducted by Exnora, given a public assurance that they would not indulge in any unlawful activity.

Whether the rearrest of the two has resulted from a change of Government is one of the questions being raised.

However, a senior police officer stood by the decision to arrest the two gang leaders under the Goondas Act, as there were specific complaints against them. There was no ulterior motive but the truth was that several persons feared to give complaints against the gangsters, he said.

Some residents, to support their claim say the area which had gained notoriety for rowdyism and witnessed several gang wars became "peaceful" during the last six months after Exnora's efforts of reformation.

Apparently, a truce was struck between Vellai Ravi and Chera, who struck terror in North Chennai and also in other parts of the city.

The residents in a petition to the Chief Minister's cell and also the city police commissioner claim that the two gangsters after giving up arms had earned the goodwill of the residents by doing social work. This included the cleaning of the noon meal centre, planting trees, arranging water supply, painting a local school.

Earlier, in their fight for supremacy several gang members of the two groups had been killed or injured. A few were also shot dead in police encounters. The authorities were concerned as several youths from the slum were recruited by the two gangs.

The Police had sought the help of NGOs to play a mediatory role and attempt to bring about truce among the two groups.

Mr.M.B.Nirmal, founder chairman of ExNoRa International says "We were involved in the rehabilitation project through `empathy'. We spent more time in knowing the causes than discussing the consequences. We do not have any stand on alleged crimes committed by the two earlier before our transforming them, for which they can be prosecuted."

They were also inducted as `Exnora TREE GUARDIANS' and were involved in a number of social projects, he adds.

A local resident alleges that after the gangs gave up arms, some splinter groups got into the business and indulged in rowdyism. However, it was not on a large scale. Moreover, a separate watch had been kept over those gang members who had given up arms at the Exnora peace programme. Even the gang leaders had washed their hands off the more belligerent members of their groups and would not vouch for them.

தீன மலர்

Arch Rivals Vellai Ravi & Chera both Burmah repatriates thank Mr. Shakeel Akthar IPS & ExNoRa Nirmal for reforming them. The 1st step was uniting them as the most of the 30 murders that took place were between their gang member themselves as REVENGE KILLING. The 2nd was reprogramming their minds and reforming them

SAIDAPET CASE STUDY

→ ExNoRa reformed a leading society's dropout in Saidapet. He became perfect and was leading a normal and peaceful life.

→ But one day he was arrested for stabbing a Sub Inspector. We felt sad and met him in the jail and what he said shocked us "Sir I became really good. I admit that I stabbed the Sub Inspector. You know why? He wanted me to do a crime . When I refused , he threatened me that he will foist false cases against me . The moment he said that my original personality returned. I took the knife and stabbed him".

→ This gave a new insight. Unless the whole system changes, reformation will be difficult

TO the fisherfolk of Chennai he was their "revolutionary general" and "son of the Bay of Bengal", but in the police records K. Veeramani was a rowdy who had more than 30 cases against him. The Marina beach was his turf and it was there that he met a bloody end at the hands of the police on the afternoon of July 27. The police said two Sub-Inspectors opened fire at Veeramani in self-defence after he and an accomplice attacked them with knives.

The incident took place a few hundred metres from his second-floor home at Ayodhyakuppam, a fishermen's colony, and his neighbours thought the gunshots to be firecrackers.

By the time they realised what had really happened it was too late for Veeramani.

Veeramani's neighbours contest the police version. A young man claimed that Veeramani was drinking lime juice from a roadside stall after a fishing trip when four policemen, who had come wearing lungis, opened fire in the air. He turned around and they shot him, he alleged. "He was killed when he had reformed himself and wanted to help society," he said. Veeramani's wife, Udaya, said her husband was on the beach along with others when he was shot dead. Said a fisherman: "He could have been sent to jail instead."

These are the men who were considered to be the most notorious gangsters of Chennai whom ExNoRa approached, with its reformation proposal. They straightaway declined. But what they told was a mind opener. 1. Once a rowdy, always a rowdy. 2. It is dangerous to be a rowdy, we know. But we also know that it is more dangerous to give up rowdyism, as then we will be killed by our rival gangs. They know that we are without our weapons. They also cited the real-life example of Agaram Narayanan. Once Agaram Narayanan announced that he has become good, the next day, he was killed by a rival gang.

One more reason the above three said was that many crimes they do were on behalf of a few local-lower – level-black sheep police. When the criminals get reformed, the few black sheep policemen get alarmed for fear of getting exposed. They kill the reformed thugs in fake encounters.

NEGATIVE ENVIRONMENT

Not having the right environment itself will amount to a negative situation. But the sad thing is that people themselves wilfully create a negative environment by their acts of commissions and omissions.

EXAMPLES

- Fractured family
- Quarrelling family members
- Family members having addictions (e.g., Alcohol, Gambling)
- Parents not showing care or concern for their children
- Domestic Violence
- Infidelity / Immorality / Extra-marital relationship.

The wilful negative environment is common to both rich and poor.

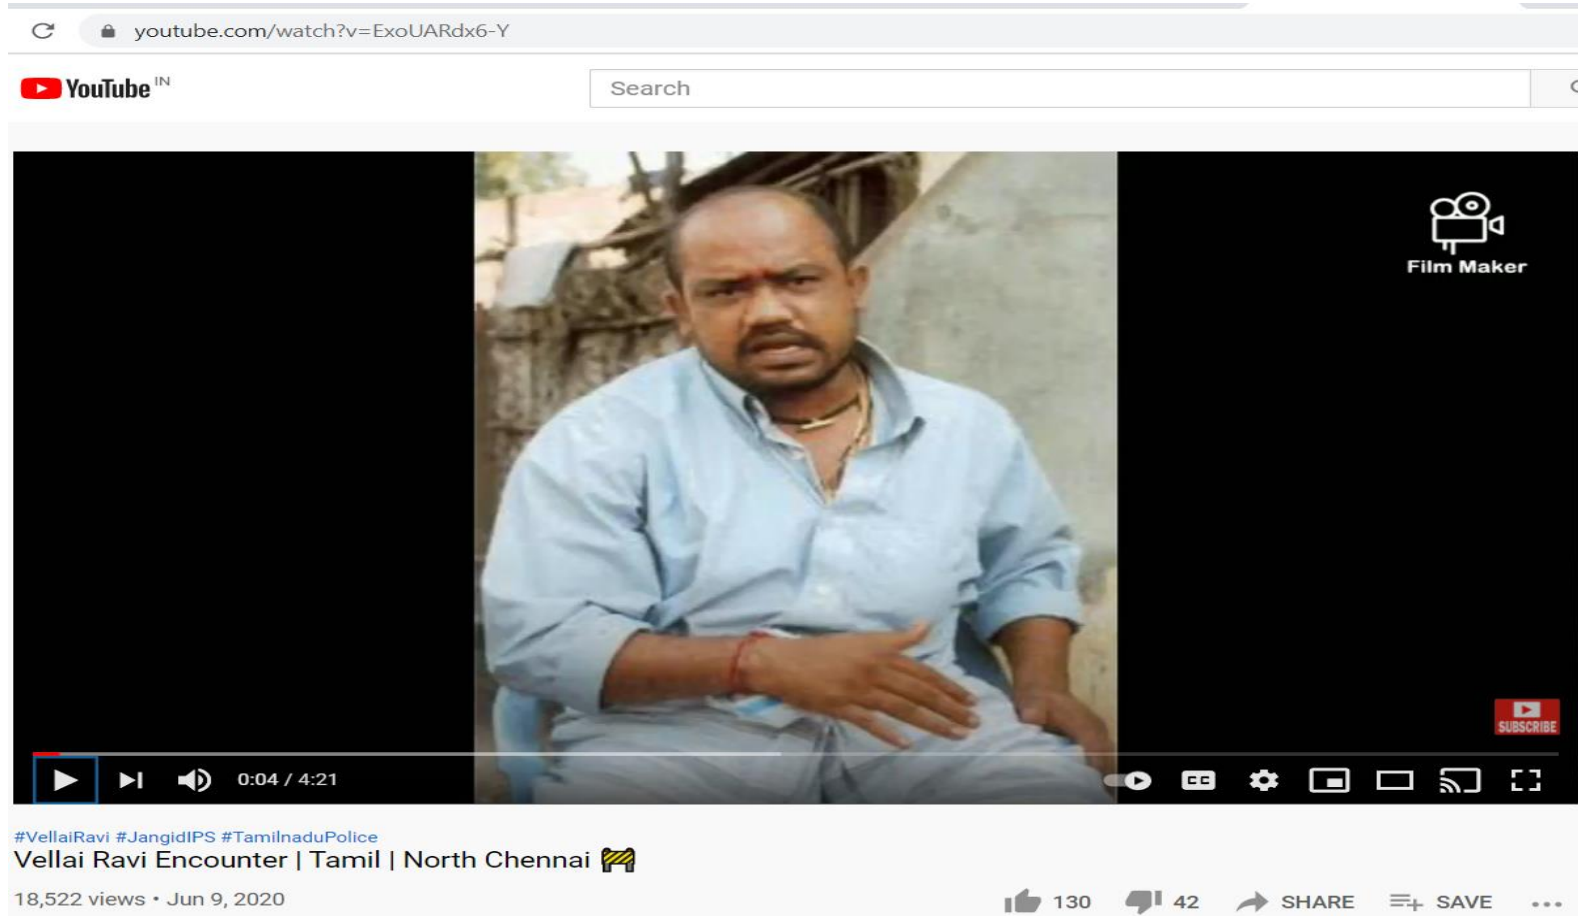

A rich may have Clean, Green, Built, Livelihood environments, but due to his/her negative thinking, talking, and actions, he/she will make his / her home a hell.

THE BREAKTHROUGH continued

In Chennai, there are areas known as an abode for people who habitually commit crimes and are considered as thugs, dropouts, riffraff, goondas, etc. **ExNoRa** empathized with them and found out that the leading cause of their becoming anti-socials was their environment. **ExNoRa** making them as team members caused a significant change in their environment. The results were incredible. They changed for good.

“We the Christians, Hindus, Sikhs, Buddhists, Jains & Muslims release these pigeons symbolizing peace and harmony. We request you to stand up for total freedom from the deadly evil of Communalism. Humanity faces several problems global and local, from the drastic consequences of climate change, natural calamities and environmental pollution to poverty, illiteracy, unemployment, water and food scarcity, price rise, dreaded diseases and many other deadly threats. Adding to this woe are the unnecessary fights that we carry on between ourselves in the name of caste, colour, religion, region, language and race. We cannot remain divided anymore! Let us not fight amongst ourselves, lest we lose our focus, our peace and our lives. Let us together create a caring and sharing community. We have joined hands and vow to work for our collective mission and common cause and fight against the COMMON ENEMIES of the human kind”.

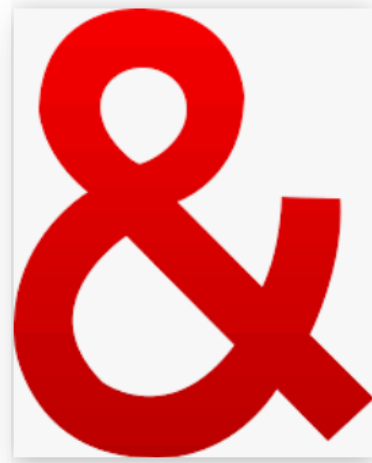

Exn. M B Nirmal , Founder of ExNoRa & 'Maa' is flagging off a procession of Hindus, Muslims, Christians , Buddhists, Jains & Sikhs on 22nd January 1999 in Chennai Tamilnadu , India , a prelude to forming "Maa" Mother Everywhere (motherliness for communal Harmony)

Seeing the incredible mental strength and physical stamina of the youth living there, ExNoRa rightly understood that they should be given a positive alternative (football) through which they can channel their asset-strengths (which became a liability) and can involve and excel. ExNoRa through the Corporation of Chennai made the football ground much better and playable.

The place became the best in Chennai in football and most of the TOP football teams of Chennai like Railways, MTC, Police, Port Trust, the Central and state Government Departments plus Corporate organisations recruit footballers from this place. The ground and the coaching is now providing jobs as footballers to hundreds. The place that was producing knife-wielding youth, has now youth kicking football and finding lucrative jobs

EMPATHY

The technique used to reform society's dropouts is EMPATHY. Instead of just looking at what a man does, we should see beyond and know why he does.

WHAT and then WHY will solve most of the problems from LOCAL to GLOBAL

The PROBLEM is really another PROBLEM

The inability of most people is that they cannot see BEYOND.

Therefore, they always treat the symptoms, not the disease.

They think, talk & do based on the consequences, never the causes.

By the grace of the almighty, the humble, “i” developed 7th Sense four decades ago and learned the ability to SEE BEYOND.

So now I am going to share the Secret.

The ten essential basic environmental needs.

(Ten atmospheres)

The ten essential basic environmental needs decide, whether a person is superior or inferior.

The sad truth is that Dalits and poor people were/are not provided with this fundamental need, and people who consider themselves superior also ensure that people whom they degraded in the name of their GOD don't get them.

The so called superiors suppress and oppress the lower caste people.

4. A dominant intellectual or emotional environment or attitude: *an atmosphere of distrust among the electorate.*

5. The dominant tone or mood of a work of art.

6. An aesthetic quality or effect, especially a distinctive and pleasing one, associated with a particular place: *a restaurant with an Old World atmosphere.*

Empathy is...

seeing with the eyes of another,

listening with the ears of another,

and feeling with the heart of another.

EMPATHY

The technique used is EMPATHY. We know what a man does.

Seldom do we try to know why he does.

That is empathy.

We always conclude that Children brought up by educated middle-class and upper-middle-class parents are good compared to children who grow up in slums.

We may be right in coming to such conclusions.

But we should also raise a question to ourselves "why so"?

EMPATHY

Our enquiry will reveal that poor children are not privileged to be brought up in a good environment / atmosphere.

The tragedy is that, after missing almost all the ten kinds of environment, they are surrounded by harmful adverse, quite the opposite environments.

A simple study will reveal that poor children are not privileged to be brought up in a good atmosphere, i.e., environment.

This principle applies to youth and adults too.,

EMPATHY

The breakthrough is that even parents living in slums can ensure that they have every kind of ten environment in their place through their efforts and with ExNoRa Guidance.

ExNoRa guided people living in several areas of poor people under the organisation's slum awesome program.

The results were astonishing.

A MYTH BUSTED

A 2000 year old myth was busted by a GOVERNMENT OWNED INDIAN OVERSEAS BANK 55 years ago.

The concoction that God creates people as 4 grades based on COLOUR (VARNAM) is totally against Natural Laws and Justice.

TWO NEW SCIENCES

- Two new sciences by names JEEVAN VIGYAN & MANUSHYA VIGYAN have been developed, experimented and proved to be 100% accurate that people are not born inferior or superior but made so.

The religious theory claims that the Varnas were created from the body of the Brahma, the creator of the world.

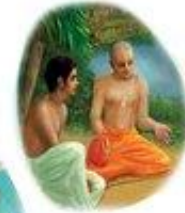

A 2000-year-old lie proved to be a huge bluff that a man is superior or inferior by the caste of his birth

CHAPTER

THE

BREAKTHROUGH

ENVIROTITLEMENT

The Breakthrough

Changing their Environment Changed the people.
The Poor and the anti-socials responded positively.

Now Science found that it is not your genes that determine your life. You can decide what should be your genes by only having the right kinds of environment.

Stem cells are cells that have the potential to develop into some or many different cell types in the body, depending on whether they are multi-potent or pluripotent. Serving as a sort of repair system, they can theoretically divide without limit to replenish other cells for as long as the person or animal is still alive. Same Principles apply with regard to **bone marrow cells**

THE BREAKTHROUGH

THE AUTHOR

a three-in-one

7th SENSE MASTER

ONENESS MESSIAH

WORDSMITH

of

MIRACLE PATH

has been working, as the Founder of ExNoRa,
in several slums and helping the slum
dwellers to help themselves in their getting
the eight kinds of environment.

That saw them acquiring an unimaginable
quality of life.

THE BREAKTHROUGH continued

MYTH BUSTED

The results were terrific as reflected in the lives of hundreds of people living there, most of whom belonged to the Scheduled Caste, generally called a suppressed community.

THE BREAKTHROUGH continued

MYTH BUSTED

The slum-dwellers came up in their life contrary to the mental blocks they had that they cannot achieve as they are genetically programmed to do only menial things.

THE BREAKTHROUGH continued

MYTH BUSTED

The transformation that happened in their eight kinds of environment, in turn, transformed their LIVES.

Rest is history. See for yourself as you travel in the

**MIRACLE PATH (8 CHAPTERS)
(WONDER MESSAGE PASSAGE).**

There are several hundreds of charitable institutions which have been giving quality free education to lakhs of children from the lower strata of the society belonging to the suppressed castes over the last few seven decades. The results were incredible. There are several thousands of doctors, engineers, lawyers, IAS, IPS officers from and among the so-called untouchables, thanks to the positive change in a few of their eight kinds of environment, brought by these wonder institutions.

Proof that Environment IMPACTS

1. Children lived in slums belonging to low-income families adopted by affluent excelled. Same was the result of impoverished children adopted by educated
2. Twins brought up in different types of environment shaped differently
3. The Life of Children of poor who lived in slums changed with the change of life of their parents for good
4. Jailors brought change in the jail environment and found positive changes among the prisoners and their behaviour
5. Orphan children adopted by orphanages, due to change of environment, could shine, come up in life and made beautiful achievements
6. Patients attributed that one of the reasons for their early recovery was the hospital environment
7. Animals in ZOO were dying. The animals were taken to the forest and were released. When they made a study, they found that the ailing animals recovered and became healthy in their natural habitat,

“Eight Environment is your Entitlement” . Get and lead a happy life.

CHILDREN ADOPTED BY EUROPEANS

Children belonging to low-income families (most of them are also social outcasts) are being adopted by Europeans, out of sheer love. It was found out that the adopted children grew in stature excelling in education, sports, arts, fine arts, and leadership. In one such case, a 16 old adopted Dalit girl came to see her natural parents living in Tamilnadu, India, after 14 years. She met her siblings. People did notice vast differences between the one who grew abroad with all kinds of favourable environments and her sister/ brothers who were not fortunate to have the same supportive surroundings. That is not all. Her siblings in India have been brought up in a negative environment. Eight kinds of habitat are essential. More important is not having even one negative environment. You must then know what can be considered as a **NEGATIVE ENVIRONMENT**.

ENVIROTITLEMENT

Thanks to **ExNoRa**, positive change in one or more eight kinds of the environment brought the following tremendous transformation in the lives of the people, most of whom belonged to the weaker sections of the society and backward castes.

How ExNoRa reformed
the dropouts ?

Changing their path, without changing their goal. Their goal was getting recognition by instilling fear in the minds of the people

Psychology

Which one you want?

Psychology

This

OR

That

Being a rowdy , always wielding a knife and cycle chain, you will get “RESPECT” which will be out of fear.

Being a Samaritan , helping people and getting their RESPECT which will be out of LOVE

People will salute you , shopkeepers will give whatever you wan instantly without taking money as they are sacred of you

Use your will power, energy and leadership to ensure women get water, Street Lights function and area safety is ensured. Organise free tuition Centre for children and plant trees . People will love you and you will be HERO in their HEARTS

Inwardly you will have always fear whether you will be arrested by the Police or attacked by the rival gang

You will walk happily without fear and with a sense of pride. You income will not be huge and happiness and peace of mind will be huge. You will be with your family

This was one of the psychological exercises carried out by **ExNoRa** . The thugs became Samaritans . Their help to community was displayed in street corner boards. In big meeting in which elite and VVIPs participated the new Samaritans were recognised in public with the audience giving standing ovation .

HUMAN DIAMOND LATHE PART OF JEEVAN VIGYAN

Mr. C K Gandhirajan IPS Director General of Police extensively interviewed ExNoRa's Founder Nirmal on his experiences in dealing and reforming the dropouts which he used in his research and his book. Mr. Gandhirajan won the president Medal for killing Gangster Asaithambi in an encounter

Same as the Dirty Dozen film story

- Mrs. Thilagavathi IPS was IG Railways. At that time, there was a daylight robbery and murder at the Mambalam Railway Station. The robbers made their way into the booking railway booking clerks' cabin. They killed the booking clerk and took away a couple of lakhs. There were no CC TV cameras those days. The police was clueless.
- Mrs. Thilagavathi Called Mr. Nirmal and sought his help in tracing the culprits.
- Her approach was innovative

Same as the Dirty Dozen film story

- As per her suggestion, Mr. Nirmal went to her office with Vellai Ravi and his “TEAM” of 12 as well Chera as well as his “TEAM” of 11.
- She received them and offered them seat and spoke.
- She sought their assistance in helping the police in spotting the culprits
- She explained the crime and the modus operandi of the robbers.

Same as the Dirty Dozen film story

- Vellai Ravi & Chera wanted 30 minutes time.
- Nirmal asked them to go to Hotel Dasa Prakash and do a brain storming exercise as separate teams, identify the possible culprits and shortlist their names. Then do a combined brain storming. They did it based on the modus operandi of the crime. In the combined brain storming Mr. Nirmal also took part. The surprising result was each team made a list of 5 . There were three names common in both the list which was handed over to Mrs. Thilagavathi IPS. Later the culprits were arrested

In all directly 48 underworld gang leaders were transformed (with 7 becoming dropouts of the transformation efforts of ExNoRa). Indirectly it should be several who became good. The 7 failures were because the efforts of ExNoRa could not be sustained. The 7 dropouts were taken over by other gangsters. The 41 became good and continued to be so. A few among the 41 said that the main reason that was responsible for their change was the opportunity they got to rub shoulders with the elite of the society, thanks to ExNoRa. It is nothing but their inclusion and acceptance in the higher circle (Social Environment)

‘Scene has completely changed now’ Mar 05, 2018

- **Chennai:** He now leads the life of a responsible family man in a rented house in a small lane in north Chennai. He has seen it all. He still keeps a watch on the gangs that are active and can tell you who is operating for whom, in the shady lanes of his neighbourhood.
- He belonged to an era of lungi-clad, chappal-wearing thugs, who threw soda bottles at rivals.
“That was 30 years ago. Then there were not so many murders. Yes, I faced a murder case, along with a couple of other cases. The scene has completely changed now,” he says.

**SUCCESS
STORY**

ExNoRa's reformation efforts and the result

- There are many who got reformed and are leading a normal life.
- Success rate was about 40%
- That gave birth to new ideas and concepts like Human Diamond Lathe, JEEVAN VIGYAN and Manushya VIGYAN

PROPER ENVIRONMENT

Men and women want to do a good job, and if they are provided the proper environment, they will do so.

Bill Hewlett, Founder Hewlett-Packard

THE BREAKTHROUGH continued

Now Science found that it is not your genes that determine your life. You can decide what should be your genes by only having the right kinds of environment (meaning you can achieve the life that you want).

He is a MEMBER under the category Social Scientist of the top ETHICAL COMMITTEE of Stemcell Research of LifeCell since 2004

That also made him understand the Cell wonders and how cells can save lives. That prompted him to research whether people are born with programmed GENES and whether that programme can be changed. A lot of surprises are waiting for you.

Bone marrow stem cell treatment saves legs

- The results of a clinical trial to save volunteers' leg from amputation by injecting stem cell concentrate to the limb affected by thrombo angitis obliterance (TAO) have been encouraging. The stem cells were taken from the patients' bone marrow.
- The clinical trial is being conducted on patients suffering from blocks in the artery of the leg. Sixty patients were enrolled in the trial, and all of them were smokers. Some had diabetes as well.
- Thirty nine of the 44 patients who had already undergone the mandatory 6-month follow-up did not require amputation following stem cell injection to the affected legs.

Read Dr. Bruce Lipton's

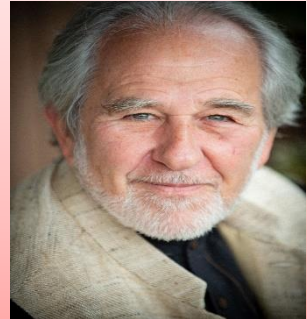

“Epigenetics is the belief that you can alter your genetics by modifying your behaviour”

“If humans were to model the lifestyle displayed by healthy community of cells , our societies and our planet would be more peaceful and vital ”

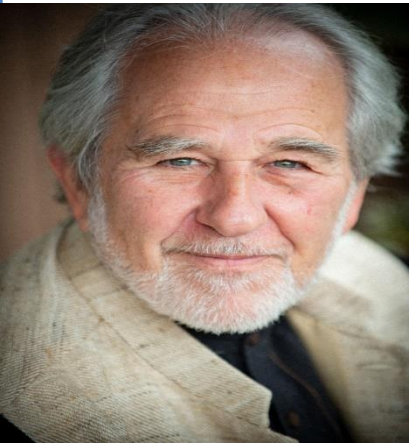

– **Bruce H. Lipton**

“Just like a single cell, the character of our lives is determined not by our genes but by our responses the environmental signals that” -BRUCE LIPTON

“Your perception of any given thing, at any given moment, can influence the brain chemistry, which, in turn, affects the environment where your cells reside and controls their fate”. Dr. Bruce Lipton

“The moment you change your perception is the moment you rewrite the chemistry of your body”
Bruce H. Lipton

“You’ll learn all about epigenetics and why the traditional view of genetic and biological determinism is incorrect. The environment plays a big role in genetic behavior, in part due to how we perceive it, how our view of evolution changes thanks to these advances. We also get a better understanding of humanity’s progress and what we need to do to reach that next step in societal evolution”. Bruce H. Lipton

வியாசர்பாடி பக்தவச்சலம் காலனியின் அவலம்

02.03.1996

நலிந்த சுத்தம் இல்லாத, சுற்றுப்புற சுகாதார சூழ்நிலை மக்களின் சமுதாய வாழ்வை பாதிக்குமா? வியாசர்பாடி பக்தவச்சலம் காலனியை சுற்றி வந்தால் இதற்கு விடை கிடைக்கும். பெற்றோர்கள் ஐயோ மெதுவா தங்கள் பெண்களை திருமணம் செய்ய முடியாமல் அவதிப்படுகிறார்கள். காரணம் பெண் பார்க்க வருபவர்கள் இங்குள்ள சகிக்க முடியாத சுற்றுப்புற சூழலை கண்டவுடன் வந்த வழியே ஓட்டம் பிடிக்கிறார்கள். கால்வாய் வழிந்தோடும். தெருக்கள் பொதுக் கழிவறையாக மாறி, நடைபாதை சேற்றை தவிர்க்க அவற்றின் மேல் ஏறிச் செல்லும் பெண்களும் முதியவர்களும் மற்றும் மூன்று அடி ஆழம் கொண்ட கால்வாயை சிறிய பலகை கல்லில் மேல் ஏறி கடப்பதும் பக்தவச்சலம் காலனி மக்களின் தினசரி வாழ்க்கையாகிவிட்டது. கடந்த 30 ஆண்டுகளாக சுகாதார அதிகாரிகள் இங்கு குடியிருப்பவர்களிடம் ஒரு மாற்றாந்தாயாக நடந்து வருகிறார்கள். இந்த காலனியில் வசிக்கும் வி சிவலிங்கம் ESI மருத்துவமனையில் பணிபுரிபவர். அவர் கூறுகையில், இங்கு குடியிருக்கும் பெரும்பான்மையான மக்கள் பர்மா அகதிகள். இந்த காலனி நன்கு திட்டமிட்டு கோயில், மசூதி மற்றும் சர்ச்சுடன் அமைந்துள்ளது. இங்கு ஒரு கால்பந்து திடல் அமைந்துள்ளது. பெருமைக்குரியது. காலனியின் ஒரு பகுதி அம்பேத்கர் கல்லூரிக்காக வழங்கப்பட்டுள்ளது.

2.3.96 அன்று வெளியான இந்தியன் எக்ஸ்பிரஸ் நாளேட்டின் தமிழாக்கம் வியாசர்பாடி பக்தவச்சலம் காலனியின் அவலம்

பல மனுக்களுக்குப் பிறகு ஆறு மாதங்களுக்கு முன்பு சாலைகளின் ஒரு பகுதி நிரப்பப்பட்டுள்ளது ஆயினும் வேலை திடீரென நிறுத்தப்பட்டு சாலை வெட்டப்பட்ட நிலையில் அப்படியே உள்ளது. இதை ஆய்வு செய்ய சுகாதார அதிகாரிகள் யாரும் முன் வரவில்லை. ஐ சி எப் மற்றும் ரிசர்வ் வங்கி போன்ற பெரிய நிறுவனங்களுக்கு கால்பந்து விளையாடும் வீரர்களை உருவாக்கிய பெருமை இந்த பக்தவச்சலம் காலனியைச் சாரும்.

மற்றொரு குடிசைவாசி மணிவண்ணன் கூறுகையில், பலமுறை அதிகாரிகளிடம் புகார் செய்தும் பலன் ஏதும் இல்லை என்று குற்றம் சாட்டினார். குடிசை வாசிகளும், குழந்தைகளும் உடல்நலம் மற்றும் சுகாதார பிரச்சனைகளால் அவதிப்படுகிறார்கள். சுகாதார அதிகாரிகள் இங்கு ஒரு முகம் நடத்தினால் இங்குள்ள 3000 குடும்பத்தில் ஒவ்வொரு வீட்டிலும் குறைந்தது ஒருவர் ஏதாவது ஒரு நோயினால் பாதிக்கப்பட்டுள்ளது தெரியவரும்.

அங்குள்ள பெண்கள் குழுவாக கூறுகையில், ஆண்கள் தங்கள் நம்பிக்கையை இழந்த இந்த நேரத்தில் நாங்கள் அதிகாரிகளை எதிர்த்து போராட முன் வந்துள்ளோம். தமிழக முதல்வர் எங்கள் நிலையை அறிந்து உயர் அதிகாரிகளுக்கு உத்தரவிட்டால் எங்களுடைய அவலம் நீங்கிவிடும். இந்த காலனி ரவுடிகள் பிரச்சினையால் மிகவும் பாதிக்கப்பட்டுள்ளது. தற்போது ஜாயிண்ட் கமிஷனர் திரு முத்துக்கருப்பன் தனது சொந்த முயற்சியால் ரவுடிகளின் அராஜகத்தை பெருமளவு அடக்கி உள்ளார். அதிகாரிகள் தகுந்த நடவடிக்கையை எடுத்து தங்கள் நிலையை சீர் செய்வார்கள் என்ற நம்பிக்கையில் பக்தவச்சலம் காலனி மக்கள் வாழ்ந்து வருகிறார்கள்.
